### EASTER

Easter joy did not pass away with the early Church. It is as full and free and joyful now as when the apostles went everywhere preaching Jesus and the Resurrection. Before the Resurrection men feared death. It was the devouring monster that passed to and fro on the earth to destroy. But with Christ's Resurrection men began to realize that death was an angel of light opening the gateway to a better and nobler life.

Easter is the day of sacred memories. It leads our thoughts back to the empty sepulchre in which tender and loving hands had laid the body of our Redeemer. It leads our minds back to the time when we stood beside open graves and committed earth to earth, laying away loved ones that had gone from our homes to the Father's home above. May memories tender, pure and holy fill our hearts on this Easter Day as we remember that our Lord hath conquered death, and today he is risen, and has brought to our hearts gladness.

One of the foundation stones of the Christian Church is the empty tomb. The world cannot bury Christ. The earth is not deep enough for his tomb. The Jews tried it but he burst the tomb asunder and arose triumphantly. Paganism sought to bury him, but their clamor failed to confess his defeat. Infidelity sought to bury him with ridicule and blasphemy. Voltaire said it took twelve men to build Christianity but it would take but one to destroy it, but one hundred and twenty-five years has passed and Christ lives today as never before.

The resurrection of Jesus is the most remarkable happening in history. The fact that the body of Jesus was never found by the Jews is proof that he arose. Had they produced the body of Jesus they would have shattered the resurrection story and made a laughing stock of his disciples.

The history of the church proves that Jesus arose again, for this fact alone can explain the new faith and courage of the disciples and the beginning of the spread of the Church after the resurrection of Jesus.

Last of all, Christian experience proves that Jesus arose from the dead. The disciples believed when they saw Jesus, and today millions of Christians testify to enjoying the companionship of a living, invisible yet real Jesus, who graciously walks with them on life's journey.

Easter brings with it the gladdest anniversary of the Christian year. "If Christ be not risen then is our faith vain." May Easter joy fill the hearts of all our readers during the coming week.

### The Government and

### the Municipalities

For once we must commend the work of the Opposition in the Legislature for the stand they have taken against the Government playing hog in the matter of collecting taxes from the Gas Company that does business in all the towns between Bow Island and Calgary. Every newspaper on the line ought to take up the fight on behalf of the municipalities which they serve. The Government is carrying their plan of taxation too far when they take away the power from municipalities to raise taxes from companies doing business within their limits.

The company in question is not entitled to any consideration or mercy because they show none of that quality themselves. They have started out to bleed Alberta patrons of every dollar the law allows them so rich, and in turn, every municipality wherein they do

business should have the privilege of taxing them to the limit.

For an \$8,000,000 concern, with earnings amounting to \$1,000,000 a year, to pay the paltry sum of only \$400 per year in taxes is ridiculous. This amount may be enough for the Provincial Government, but every municipality in which they do business should have the right to assess them for a similar amount, or according to the volume of their business.

We would have no kick at the provincial authorities if they would not stand in the way of further taxation, but when they assume the attitude that they and they alone have the right to tax this company, a vigorous protest should be entered.

If this was the only case where the Government has shown a tendency to appropriate to themselves rights which clearly belong to municipalities, it might be overlooked. But it is not by any means an isolated case. They have taken hotel and pool room licenses, police court fines, etc., and shown an autocratic attitude that is grossly unfair to many struggling towns and villages.

While it stands to reason that the Provincial Government must have revenue, it does not follow that they need to take everything in sight, and shut off or debar municipalities from exercising their rights to raise revenue also.

In this instance the Opposition is performing a good service and one that will be appreciated.

The British Government pays \$2,500,000 every month for the relief of Belgium and Northern France. The fact has just come out in answer to a question in the House of Commons. Apparently the British people have not thought it worth while to advertise that they are doing so much for a nation to which they are bound only by "a scrap of paper."

## Production and Thrift

CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the cause before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this war struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word.—JON. MARTIN BURRELL, Minister of Agriculture.

"MODERN war is made by resources, by money, by foolstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us is 'Work and Save' is a good motto for War-time."—SIR THOMAS WHITE, Minister of Finance.

## THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR:—

WHEAT, OATS, HAY,  
BEEF, PORK, BACON,  
CHEESE, EGGS, BUTTER, POULTRY.

CANNED FRUITS, FRUIT JAMS,  
SUGAR, HONEY, WOOL, FLAX FIBRE,  
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publication Branch, Department of Agriculture, Ottawa.
